2008 MADFISH GOLD TURTLE SHIRAZ

"The MadFish brand is part of the esteemed Howard Park group and the Gold Turtle series is an elite pick of fruit from its regional selection, here out of one of WA's coolest wine districts.

The coolness gives the shiraz a slowed down, relaxed profile, as if it's sitting back in an old comfortable chair and be hanged with all that fashionable brashness from other big shiraz districts. Balanced French oak, crimson berries and a dusting of spice."
