Pinot Noir 16 %

Analysis

Alcohol 12 % v/v
pH 3.10
Acidity 8.7 g/lt
Residual Sugar 6 g/lt

Region

Mount Barker – Great Southern

Jeté is a signature ballet movement requiring time, dedication and commitment to create the illusion of boundless control.

Our Methodé Traditionelle wines are crafted by engaging the same ballet principles to create wines of finesse, refinement and elegance.

The awesomely scenic and wildly remote Great Southern wine region produces fine and elegant Chardonnay and Pinot Noir grapes for the Howard Park Jeté Brut Blanc NV.

Technical Notes

Early harvest of grapes from our Mount Barrow vineyard located in the cool climate sub region of Mount Barker ensures we maintain fine and linear acidity and capture delicate fruit flavours, important for the production of premium quality sparkling wine.

The grapes were hand harvested and only the finest free run juice is retained for the base wine fermentations which occur in stainless steel and older French oak. In order to build complexity in the base wines, portions of each blend undergo malolactic fermentation.

The Howard Park Jeté Brut Blanc NV is based on the 2012 vintage and was tiraged in July 2012 then disgorged after 36 months on lees. In style, the wine is “brut”.

Tasting Notes

This wine is a non-vintage blend of Chardonnay and Pinot Noir with notes of citrus, brioche, soft red berries and baked apple. The rich and complex flavours of the palate are balanced by a gentle, savoury lemon freshness.

The Howard Park Jeté Brut Blanc NV is an aperitif style best enjoyed young with friends, food and lively conversation.

Food Ideas

Goat's cheese and radicchio salad, sashimi or oysters.
